## Safety Consultancy

National Training Solutions is a leading provider of Health and Safety consultancy services. Our services provide a framework for clients to build a Health and Safety culture within their organisations, thus ensuring compliance and the safety of all staff and visitors on site. Services include Safety Statements, Method Statements, Risk Assessments, Site Audits, Workplace Safety Audits, Safety Training Co-Ordination, Waste Management Minimisation Planning and much more.

We operate a **“no one size fits all”** policy when it comes to the safety concerns of your business, ensuring a unique and tailored Safety Consultancy service that is specific to your business objectives and incorporates practical and appropriate solutions for the effectiveness of your safety plans.

National Training Solutions Safety Consultancy services are provided by highly qualified, competent and safety conscious professionals with a Support Team who are available at all times to take your query and discuss your requirements with you. Responses to queries are delivered promptly and we guarantee a value for money proposition on all services where safety is a priority.

## Corporate Training

National Training Solutions also offers Corporate Training to clients, ensuring managers and employees are skilled in order to be effective in contributing to organisational objectives and business growth. We provide a professional service to a broad range of industry sectors nationwide with training delivered to individuals on a one to one basis or to groups of employees and/or managers from similar or different departments. Our Corporate Training services are designed, quoted for and delivered directly in response to individual clients' specific needs.

We can deliver pre accredited standard training content or customise our training programmes to meet your needs. Our friendly and dedicated Training Support Team are ready to offer advice and guidance on training courses and our highly qualified and experienced tutors are ready and waiting to pass on their knowledge and skills to clients. Our Training Support Team will discuss your requirements in terms of flexible delivery either at your preferred location nationwide or at our purpose built Training Facility.

We provide consultancy, mentoring, coaching and training to all industry types at all employment levels from SME's to Multinational Corporations. We continuously strive to update our knowledge and understanding of the business challenges that face our clients so that we can better respond to their training needs. Call us for information.

Train to Succeed with National Training Solutions Corporate Training.

## Company Profile

National Training Solutions was established in 2008. We are a training company specialising in professional development training including safety in the workplace. Our friendly and dedicated Training Support Team are ready to offer advice and guidance on training courses and our highly qualified and experienced tutors are ready and waiting to pass on their knowledge and skills to clients.

We are committed to delivering the highest quality services to our learners and to ensuring continuous improvement in the standards of training that we provide.

We put the learner at the centre of everything we do. We provide Training Courses that are accredited by FÁS and City and Guilds – see individual course details for accreditation information. We are also committed to mentoring and listening to our tutors and to ensuring our continuous support in their delivery of training to learners. We respect the talent and knowledge of our tutors and harness their expertise in training design and delivery. National Training Solutions courses are delivered by highly qualified, experienced and supportive tutors who are flexible in the delivery of training to suit learners' needs.

National Training Solutions courses are delivered in an enthusiastic and highly professional manner, ensuring that learners not only achieve their preferred skills but enjoy themselves in the process.
